>> 7. Lunchtimes with LKS

Hey everyone!

LKS invites you to attend our newest collaborative series: "Lunchtimes with LKS"!

This is a series of lunch time talks focusing on topics in the community pharmacy setting that we usually do not touch on in class. This can include topics such as cosmetic skin care, generic penetration, and compounding just to name a few.

Since summer is fast approaching, our first lunch session will focus on dermatology. For this talk, we have invited La Roche-Posay, a subsidiary of L' Oreal to present about the cosmetic side of sun protection and skin care. For those that attend, there will samples available for that hands-on experience!

If you are interested, the presentation will take place April 1 2016 12-1PM. Lunch will be provided.

The location will be announced soon, keep an eye out for the Facebook event! Seats will be limited so be sure to RSVP.

Hope to see you all there :)

Thanks for Reading!

Best,

Margaret Lu
