Discussions:

1. **Special Event – Angela**
 - 3rd year liaison: Mitch
 - 4th year liaison: Rachel
 - Cards – please hand to Angela by Monday March 9
2. **Student Forum – Associate Dean, Academic – Mitch**
 - Student forum on Friday March 6 from 12-1pm in room 3340 in order to meet the next candidate for the Associate Dean of Academics – Dr Christine Hughes
 - Lunch will be provided
 - Faculty wants more student representation to be present at the forum in order to better understand the needs of the students
 - Year representatives should make an announcement about this forum in class in order to encourage participation

- Getting to know applicants, and for applicants to view students of our faculty
- Informal atmosphere
- 3. **Student Building Use Issues – Mitch**
- Space Committee is in charge of allocating space in the building and allocating student study spaces
- There exists a recent trend that students have been irresponsible in the rooms
 - e.g. not cleaning up after messes, damages (recently – \$300 sensor ripped off the wall)
 - Blinds in the west study are not to be pulled down – building policy, safety reasons, and to ensure that the offices behind the study rooms can get some natural lighting
 - These study spaces are also rooms where external organizations come to conduct interviews
 - A letter will be sent to the students from the PhUS President regarding this issue
- The Space Committee is considering restricting all student access to these study rooms next year if students cannot improve how we are treating our current study spaces
- Year reps or GC’s should make class room announcements – re: verge of losing access to rooms
 - Students need to be responsible for current spaces if we want more study spaces in the future
- If want posters reminding students to respect these spaces in the study rooms – get Jamal’s approval before putting them up
