

Minor Initiatives Fund (MIF) Application

Purpose

PhUS believes in assisting new and innovative projects that support UBC pharmacy students academically, professionally, and socially. The expenditure of this fund is geared towards supporting events and initiatives that benefit pharmacy students through providing events or services opportunities as related to professional development, on or off-campus. This excludes travel to professional conferences or competitions for which other funding mechanisms currently exist.

Please note: Funds will be utilized with the non-binding, guiding principles that no more than 50% of the fund be spent in the first semester, that all members of PhUS, including executive and general PhUS council members, must apply if seeking funding for minor events and services and that this fund be allocated in a way that inclusively maximizes the benefits for all PhUS members, including each pharmacy year.
