Discussions:

1. VP Internal

a. Clubs Fund application by PEAC presented by Blair McDonald.

- i. Goal: To summarize and increase awareness of significant trials by creating infographics
 1. PEAC continues to promote evidence-based medicine by hosting journal clubs online. An infographic serves as a more accessible platform
- ii. Infographic content will involve faculty and clinicians, but PEAC requires outside help for design and execution
 1. PEAC has spoken to 3 potential graphic designers, and has chosen someone who will be charging \$150 for all 5 proposed infographics (\$10/ hour x 3 hours/ infographic x 5 infographics)

b. Clubs Fund Q&A

- i. Releasing all 5 at once, or spread out over academic terms?
 1. Will be spread out and released on [UBC PEAC website](#)
- ii. Is there a chance of paying over budget?
 1. No, fee was quoted using the longest time period it could take
- iii. Reimbursement model (\$30/time or \$150 at once?)
 1. Can get reimbursed at once instead of waiting each time

c. Professional Initiatives application by John Lee and Tom Sun

- i. Proposed LEAP project: Pharmacy careers podcast, comprised of candid discussions with pharmacists pursuing different/ alternative career paths
 1. To be recorded in November/ December and released in March (Pharmacy Awareness Month) to pharmacy students in North America
 2. Proposed funding will pay for:
 - a. \$200 - equipment (\$100 x 2 - based on \$75/mic + fees)
 - b. \$100 - thank you gift cards for interviewees (\$20 x 5)
 - c. \$50 - advertising
 - d. \$50 - gift cards for survey participants (\$10 x 5)

d. Professional Initiative Q&A

- i. What would happen to the equipment after?
 1. Return mic to PhUS so that other students can use it as well
- ii. What portion is going towards LEAP and what isn't?
 1. Purpose is to improve student wellbeing, to support them academically/ professionally by introducing them to multiple career avenues
 2. Things like raffle prizes aren't a major component of LEAP but it does make students more inclined to contribute, and encourages student engagement
- iii. JP (OETLD) has studio equipment for recording purposes that he gave to faculty. Have you tried asking to borrow that?
 1. John has been in contact with UBC Studios but they don't allow students to use it for student projects (only faculty-related ones)

2. Dr. Pearson will ask JP for John and Tom

iv. Discussion will be tabled until next meeting

2. 1st Year Reps

a. Potential payment methods for name tag sales

- i. Some students complained that they get fees through Interac e-transfer
 - 1. 2022 Grad Reps: We can't use a different platform such as Square, due to added fees for the seller. Interac e-transfer is free for nearly all banking institutions, including international ones
- ii. Some students stated feeling uncomfortable e-transferring to someone's personal email
 - 1. 2022 Grad Reps: Historically, student-led sales have always used personal emails from actual pharmacy students
 - 2. For next year, grad reps can consider adding their PhUS email to their bank account, rather than having students address their e-transfer to a personal email

b. Student idea from Town Hall for school-wide communication purposes

- i. PhUS could potentially moderate a UBC Pharmacy Reddit or similar platform, so that current and prospective students could communicate
- ii. **Tabled for next meeting**
