PROFILE

First year pharmacy student experienced in research, administrative work, volunteering with elderly, and leadership positions in student clubs.

EDUCATION

Sep 2020 — Present **Doctor of Pharmacy, University of British Columbia**

Sep 2015 — May 2020 **Bachelor of Science, University of British Columbia**
Major in Cognitive Systems

EMPLOYMENT HISTORY

Sep 2018 — Mar 2020 **Administrative Assistant, Vancouver Coastal Health**

- Maintained office work-flow by efficiently completing copying, filing and scanning of confidential documents.
- Reorganized over 10,000 older documents into new compact paperless system.
- Assisted both administrative and accounting staff with other miscellaneous tasks.

Sep 2017 — Apr 2018 **Notetaker, UBC Access and Diversity**

- Created thorough and legible notes daily, for students unable to attend classes.
- Included additional information to explain unclear or hard to follow material.
- Completed tasks in a timely manner to ensure students did not fall behind.

Nov 2015 — Jan 2016 **Cashier, GUESS**

- Ensured positive customer experience by swiftly handling transactions such as purchases, returns and exchanges.
 - Contributed to meeting the sales per day quota by pushing sales of items near the till and promoting customer loyalty cards.
-

VOLUNTEER HISTORY

Nov 2017 — Mar 2020 **Coast Mental Health**

- Assisted patient living with schizophrenia during one-on-one outings with activities like going shopping, going to the temple, etc.
- Deescalated situations where patient's symptoms (paranoia) were elevated.

Nov 2014 — Sep 2016 **Carelife Residential Home**

- Provided social exposure to seniors.
 - Led activities such as playing cards, painting nails or mildly strenuous physical activities.
-

PUBLICATIONS

Jan 2021 — Present **Head and eye movements are each facilitated by the offset of a central fixation point in a virtual gap paradigm**

- Co-authored an article published in "Experimental Brain Research."
 - Based on two years of research with the Brain, Attention & Reality Lab at UBC.
-

RESEARCH

Sep 2018 — Apr 2020 **Research Assistant, Brain, Attention & Reality Lab**

- Collected data from over 100 students for studies examining the gap effect in a virtual reality environment.
- Updated code for virtual environment to implement changes to environment as needed.

EXTRA-CURRICULAR ACTIVITIES

Sep 2020 — Present

First Year Representative, Pharmacy Undergraduate Society (UBC)

- Amplified concerns from a student body of over 200 students to appropriate avenues for resolution, and partook in general, pipeline and town hall meetings with other students and faculty.

Sep 2017 — Apr 2020

Vice President External, Sponsor A Child's Education (UBC)

- Organized annual conferences highlighting underrepresented topics in media by finding 3 out of 5 keynote speakers, entertainment and food sponsors worth ~\$500.
