Faculty	Gloria Cheng	Р			

P (present) | A (absent) | R (regrets) | L (late)

Guests: Vanay Verma, Mark Seo, Gloria Chan

Meeting called to order at 12:02 PM

### **Approval of Minutes**

Moved: Jeremy Bulatao; Seconded: Kruti Shukla

## **Standing Business:**

Motioned: Be it resolved that the Pharmacy Undergraduate Society approves the Clubs Fund application by Phi Lambda Sigma for a total of \$100.

Moved: Marcus Wong Seconded: Jeremy Bulatao

Approved: 14; Objections: 0; Abstained: 2

### **Discussions:**

#### 1. VP Internal

- a. PharmaFit (New Club Application) Presenters: Vanay Verma (PY1) and Mark Seo (PY1)
  - Objective of the club:
    - To convey evidence-based information on fitness to the Pharm Sci student population.
    - The faculty of Pharm Sci would benefit by the introduction of a fitness club specific for Pharmacy students.
    - Create a safe and fun environment for Pharm Sci students to exercise together at one of the UBC gyms.
  - Questions/Comments from the council:
    - Sunny (Sports Rep): What are the main ideas for club events?
      - Planning on renting out gym space after hours (potentially for free).
      - Have yet to reach out to UBC Recreation Services to confirm the charges and the plans.
      - Primary focus will be to engage students in working out at the gym and debunking myths regarding nutrition.
    - Jeremy (President): How will this club be different from the PhUS Sports Committee?
      - This club will be primarily focused on the topics of bodybuilding, fitness, and nutrition which is niche compared to the athletic activities hosted by the sports committee.
        - Sunny (Sports Rep): The sports committee is open to trying different activities based on general student interest; it is not limited to just athletic activities.
    - Marcus (VP Internal): How much money will you require to run the club initiatives?
      - They have yet to contact UBC Recreation Services to determine the charges.
      - Need to plan out their financial needs to ensure that their club will be sustained for years to come.
      - PhUS can provide each club with up to \$500 per year.
    - Alyssa (2nd Year Rep): How will you be debunking the myths? What qualifications do you have?
      - Dr. Rodrigues and his colleagues have agreed to be the faculty advisors and offered to speak on fitness related topics at the monthly seminars.

Pharmacy Undergraduate Society 2405 Wesbrook Mall Vancouver, B.C. Canada V6T 1Z3

Website: www.ubcphus.org

- Both of the applicants are enthusiastic about sharing their knowledge and experience with other Pharm Sci students regarding fitness and nutrition.
  - Their information will be backed up by faculty members to ensure that correct information is broadcasted to the Pharm Sci students.
- Mariam (3rd Year Rep): How will you make this club be more inclusive of students who don't regularly go to the gym? What if some of the members don't have membership to the UBC gym?
  - The rented out gym space and a team of fitness enthusiasts should hopefully get all members excited about exercising, such that they will eventually buy a membership to the UBC gym.
- Owen (Sports Rep): There is a possibility of collaborating for some events.
- Suggestions provided by the council:
  - Create more beginner friendly events such that all Pharm Sci students can participate.
  - Apply for Minor Initiatives Fund (MIF) [\$250].
  - Create a financial plan to show how the funds provided to them will be sufficient to keep the club running for future years.
    - Determine how they will generate revenue, and obtain sponsorship to run their events.
- b. PLS Clubs Fund Application (Interfrat Mixer)

Presenter: Gloria Chan (PY3)

- Application for interclub mixer (KY, LKS, PLS, Rho Chi) -> will require funding this time
  only, because they were unable to fundraise money in the previous year due to COVID.
- Expenditure: \$400 split between the 4 fraternities → only applying for \$100 (PLS portion of the expenditure).

#### **Round Table:**

Faculty	- Dr. Wilbur		
	- Productive pipeline meeting last week.		
	- PHRM 100 - Dr. Seto and Dr. Maharaj to work on the issues that occurred		
	in the PY1 (PK + IMM) EOB.		
	- Will ensure that these exam errors don't occur for future		
	assessments.		
President	- Winners of the PhUS Clubs Awards:		
	- Club initiative - P-Talc (Lab Exam Essentials Kit - LEEK)		
	- Recurring Events - CSHP (CSHP-BC Student Mentorship program) and KY		
	(Kappa Psi Math Crash Course)		
Secretary	- Attendance		

VΡ
