- Pharmaceutical Industry and Health Technology Club Detailed Proposal
  - Overarching goal:
    - PharmD is heavily focused on clinical and community practice, but Pharmacy practice extends beyond the scope of just these two practices. This club aims to better prepare for all scopes of pharmacy practice
    - Want more industry opportunities in BC
    - Spread awareness about non-clinical pharmacy paths: through lunch and learns and mentorships/workshops, networking events
  - Sustainable structure:
    - Having clear club executive member roles

- Currently have 39 general members and will be selecting 8 exec positions from 34 applicants
- Potential events:
  - Start-up weekend: students partner up and will be paired with a mentor to come up with a start-up idea. At the end, they are to present it to a panel of judges and the winner could continue their start-up and judges could sponsor their idea
    - Students are not limited to just pharmacy students (CompSci students, pharmacy students, etc)
  - Lunch and Learns: research, industry, or health technology
  - Speed-networking event
  - Monthly workshops
  - Mentorship/shadowing program for industry/techmaker of the month
  - Courses
  - Podcasts
- Potential sources of funding
  - PhUS
  - Life Sciences BC
  - UBC business accelerators
  - Amgen
  - Medical Affairs professional society (MAPS)
  - Technology in Medicine Club

  - Dr. John Lee, Dr. Kevin Lanzo, Dr. Yossef Av-Gay, Dr. Gilly Regev, Dr. Brent Page, and many more
- Q&A
  - 2-3 lunch and learns per semester, and one big event per semester, and ongoing mentorship
  - Current connections: are not coming in to be compensated, only educational purpose
  - Mentorship program: meetings will happen around once a month (or as much as needed)
    - Students will be matched based on personal interest and the mentors' expertise
    - 17 mentors so far
    - This program is available for current general members or any students who are interested
  - First meeting will happen in second semester
  - By the end of the academic year:
